Selectmen's Meeting

NOVEMBER 5, 1985 - by VIRGINIA ARRAL

PREPARE FOR DECEMBER 16 SPECIAL TOWN MEETING

Among the articles in the warrant for the December 16th Special Town Meeting will be three separate ones placed by each of the school committees: Mattapoisett School Committee, Old Rochester Regional District School Committee, and Old Colony Vocational School Committee, seeking to have voters approve the acceptance of a state grant.

Each of the school committees has accepted the grant but the town must accept their action. The Professional Development Grant under the provisions of Section 13 of Chapter 188 of the Acts of 1985 provides that the district or town may receive, subject to appropriation, a professional development grant or grants for the purpose of supplementing teacher compensation at the schools.

The local school committee will also seek funds (as yet an undetermined amount) to replace a drain at Center School. Selectmen Chairman John DeCosta said the problem has existed for quite awhile and causes flooding in the school basement. A cost figure will be obtained before the meeting.

Other articles will be announced within

In other business, Selectmen:

APPOINTED at the recommendation of Fire Chief Donald Wood Bent Jensen of 4 Harvey Orchard Lane as a fulltime fireman.

Also, Selectmen appointed to the Arts Lottery Council Claire E. Bessette, 34 Driscoll Lane, and Janet Young, Holly Lane.

RECEIVED WORD that Mattapoisett's plumbing inspector will be exempt from the provisions of the Civil Service Law. Following a notice last year that towns would have to place their inspectors under civil service, Selectmen notified Senator William Q. MacLean to place an act in the legislature to exempt Mattapoisett because of its small population. The Act was approved September 26, 1985.

Hall generator at a cost of $400.00.

WERE INVITED to attend the ground breaking ceremonies of SEMASS scheduled to be held in Rochester on November 9th. Selectman James Huntoon will represent the board in the 5 kilometer "Run for the Environment Road Race" as part of the day's events. Each town involved in the contract for the waste-to-energy plant has been invited to participate.

RECEIVED DECISIONS on two Board of Appeals hearings held on October 17. The request of Hudson E. and Elaine Hardy, 20 Wildwood Terrace, for a special permit to erect a single family dwelling at the same address was approved. The permit was required because the lot is a sub-standard sized lot.

The application of Agostinho and Louise Coelho, 5 Winter Hill Road, to erect a single family home on Alderberry Lane was denied. This lot was also substandard and members felt it would be setting a precedent in the neighborhood to allow a house on a small lot. Two assenting voters were Warren C. Thompson and William Armitage; two dissenting voters were George Heinz and Charles Vosseler; one abstention vote, Edward J. Walsh.

Drug Awareness: Elementary Schools

According to San Diego police authorities, a form of tattoo, "Blue Star", is readily available to young children. This is a new way of getting "acid" to unsuspecting kids. It is in the form of a small sheet of white paper containing blue stars in the size of a pencil eraser, with each "star" impregnated with LSD and can be removed from the paper and placed in the mouth. Absorption also can occur through the skin by simply handling the paper tattoo!

There also are brightly colored tabs, resembling postage stamps, which have pictures of Superman, Mickey Mouse and other Disney characters, and are placed in red cardboard boxes wrapped in foil in a clear, lock-type bag. A young child could happen upon these and have a fatal "trip". It

It is important that all parents be alerted in case their child is involved, even innocently. As you know, stickers are very popular now, especially among small children. BE CAREFUL!

Perambulating The Bounds

by VIRGINIA ARRAL

OLD TRADITION CONTINUES

Do you own a pair of hiking boots? Do you like trekking in the local woods and bogs? These questions have probably never been asked of a candidate running for the office of Board of Selectmen.

This is one part of the job that comes up every five years but may not fall within a Selectman's term, if not re-elected. This job is called Perambulating the Bounds and is participated in by fellow Selectmen from the adjoining towns of Marion, Rochester, Fairhaven and Acushnet.

The first of these treks is tentatively scheduled for November 23rd with Rochester and Fairhaven. Starting in Rochester at 9:00 a.m., and after the bounds are checked pausing at Rochester Town Hall for coffee and donuts, Selectmen John DeCosta, chairman, James Huntoon and Frank Suzan will continue to Fairhaven.

The tradition dates back to England but began officially in this Commonwealth by an act of the Legislature in 1692. The law

reads, in part, "The boundary markers of every town shall be located, the marks thereon renewed, and the year located upon the face thereof which bears the letters of the town locating its boundary, once every five years, by at least two of the selectmen of the town or by two substitutes designated by them in writing."

George S. White, who served as Selectman for many years, recalled not locating a Fairhaven boundary marker one year and having Arthur Thompson locate and put a new one in its proper place.

Of the present selectmen only its chairman, John DeCosta, has perambulated the bounds - in 1980 when he was in his first year on the board. "Some of the markers are easier to reach than others," DeCosta said. "Some, like the one in back of Old Rochester Regional High School, is almost impossible to reach," he added. Suzan and Huntoon are looking forward to the experience.

Recently, Leonard A. Randall, who was clearing land, came across an old stone boundary about six feet tall with the marking R (for Rochester) and F (Fairhaven) standing in the middle of a stonewall. DeCosta said that this marker, located in what is now Mattapoisett, must have been placed there before Mattapoisett separated from Rochester in 1857.

According to the most recent records, there are three markers on the Fairhaven border; two on the Acushnet border; three on the Rochester border; and three between Marion and Mattapoisett.

Let's get out the hiking boots ladies and gentlemen and continue the tradition. Yes, ladies, as Betsy Parks, Marion Selectman, might be among those looking for markers. She won't be the first woman in the area towns because Rochester's former selectman, Julia Enroth, completed the trek during her term in office.

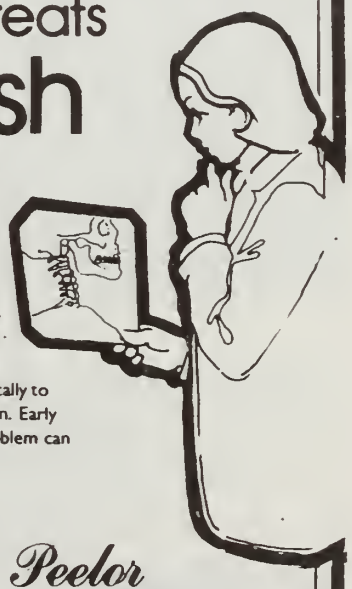
Here's how
Chiropractic treats
Whiplash



"Whiplash" is not a specific injury or disease in itself. It is a type of injury which comes from a sudden, shocking movement which snaps the body with force. It causes a variety of injuries to the neck and upper spine.

The doctor of chiropractic is uniquely trained to deal with problems of the spine and nervous system. Modern chiropractic manipulative techniques are directed specifically to eliminate the causes of pain and malfunction. Early detection and correction of a whiplash problem can eliminate related symptoms and effects.

An exhibition of paintings by Jeffrey Carter will be on display at the Marion Art Center from November 15th through December 4th. Mr. Carter is currently the Director of Visual Arts at the Walnut Hill School in Natick, Mass. He has been active as a Boston painter for the last 14 years, and has most recently been exploring the contrast of light and shadow while working directly from nature.

In addition to still life and urban scenes, Mr. Carter spent last summer painting in the woods of Maine. His style has developed over the past seven years, and this show is an opportunity to share in the artist's personal growth.

The show was produced specifically to give students exposure to the positive side of the chemical and petro-chemical industry. With experiments of size, color and depth, a credible professional will create in the students an awareness of some of the new techniques being used to improve the world around us. Mobil Ed's aim is to present a program that entertains as well as educates, and emphasizes that science can be interesting, useful and fun. During the entire presentation, safety, the use of safety equipment, the importance of following directions carefully and environmental impacts are stressed.

This program has been sponsored and funded by the Mattapoisett Parent-Teachers' Club. All interested parents are invited to attend.

League of Women Voters

MARION-MATTAPOISETT AREA
VOTER REGISTRATION IN COMMONWEALTH

Members of the League of Women Voters of Marion-Mattapoisett Area are now collecting signatures on an initiative petition which seeks to improve voter registration in the Commonwealth. This signature drive, if successful, will place the question of mail-in registration on the November 1986 ballot.

"I'm always dismayed by the number of people in this community who are not registered to vote," says Judith Coykendahl, President of the League of Women Voters of Marion-Mattapoisett area. "Our horse and buggy registration laws make it increasingly difficult for certain groups of people to register. This goes for people who move, workaholics, single parents, college students, the elderly, the disabled and anyone else for whom a special trip to city/town hall is a hardship."

More than 1,000,000 people in Massachusetts are eligible to vote but are unregistered. Mail-in registration will make it easier for them to enroll on the voting lists with less work for the registrar and with greater protections against fraud.

"Many people in the United States have the option of mail-in registration. And it has worked well," continued Mrs. Coykendahl. "Twenty-three states have mail-in registration, including New York, California, Ohio, New Jersey, Maine and Pennsylvania."

Susan Shaer, President of the League of Women Voters of Massachusetts, called Leagues and election officials in various states presently using mail-in voter registration. Everyone of them reported that the system of mail-in registration worked well.

The current registration system in Massachusetts requires registrars to make house calls to disabled voters. Registrars are also called upon to fill many requests for special registration sites. Mail-in reg-

istration would make it possible for registrars to use their time more efficiently.

After 14 years of trying unsuccessfully to get the legislature to pass a mail-in registration law, the League and other groups (including CPPAX, MASSPIRG, Mass. Fair Share, Civil Liberties Union, Massachusetts Women's Political Caucus, NAACP and various unions) have decided to take the issue to the people and get the law passed through the ballot box. This coalition must collect the signatures of at least 62,000 voters before November 20.

SOUTHSIDE JOHNNY & THE JUKES

The Zeiterion Theatre is pleased to announce that SOUTHSIDE JOHNNY & THE JUKES have been booked for one performance at the theatre on Friday, November 15th, at 8:00 p.m.

Known to rock and blues fans throughout the country, Southside Johnny has been in the rock music arena since age 16 when he joined the Sonny Kenn Blues Band on the Jersey Shore. As the shore music scene gained national notoriety, Johnny's music mates included Bruce Springsteen and Steve Van Zandt. Southside Johnny became a part of the shore's musical history in forming The Jukes in 1974 and becoming the house band of the Stone Pony in Asbury Park, a club that is now a legend in the rock scene.

With many of The Jukes early hits written by the "Boss", Bruce Springsteen, the group has produced nine albums over its eleven year history including "Hearts of Stone", "I Don't Want You To Go", and "Havin' A Party".

Whether they're playing soul, jazz, country or rock 'n' roll, Southside Johnny & The Jukes remain one of today's most hard-charging rock bands.

Tickets are on sale now at the Zeiterion Theatre box office. All seats are $14.00. Tickets can be charged to Visa, Mastercard, or American Express by calling the box office at 994-2900.

The featured life-sized paintings by Benjamin Martinez, originally commissioned to accompany a modern free translation of Dante's Divine Comedy, are well suited to the expansive walls and exceptional lighting. The shadowy figures with brilliant highlights create a remarkable chiaroscuro effect artistically arranged as triptychs.

The Fairhaven Savings Bank's Community Trust Fund, established for the support of community projects, together with the Fairhaven Arts Lottery are sponsoring the Opening Reception November 15. The profit from the sale of commemorative cup plates in the Bank's Huttleston Rogers' series, which includes the Mattapoisett Center School, goes into this Trust Fund.

The Nemasket Gallery is planning a series of exhibits which will provide work situations for the clients of JOB PATHS who will participate in all phases of preparation from "setting up" to the serving of refreshments. Thanksgiving Baskets

To celebrate America's annual tradition of Thanksgiving, Plymouth Savings Bank is asking its customers and friends to share non-perishable food items with less fortunate members of the community.

Thanksgiving Barrels have been placed in the lobby of each Plymouth Savings Bank office. Collection will continue until Thanksgiving when distribution to needy families will be made by local civic and church groups.

"Because of our Pilgrim logo, we have often been identified with Thanksgiving", said Bank Chairman Frank L. Nickerson. "This food distribution program answers a need that is very real. We hope our friends will join us in the spirit of sharing."

In the Mattapoisett area food baskets will be distributed by St. Anthony's Church.

Tobey Hospital

NEW BUILDING BEING CONSTRUCTED AT TOBEY

The fire at the Tobey Homestead earlier this year claimed the Hospital's maintenance buildings that were attached to the Homestead. In place of those buildings, the construction of an "advanced metal building system" or space building has begun and is expected to be completed by December 1985. Located on the north side of the Hospital site, the two story structure will house the maintenance garage and workshop and will provide much needed storage space. The anticipated expansion

of the Hospital's Surgical Day Care Unit will necessitate freeing space in what is now the "daddy's walk" on the third floor. Items stored there will be transferred to the new building.

Cape Building Systems, Inc. of Mattapoisett has been contracted to erect the building at a cost of $85,000. The mechanicals, electrical, heating and sprinkler systems were undertaken by the Hospital's own maintenance crew who ran lines from the Hospital Power Plant through a utility trench. The building is of steel beam and post construction, with a cement foundation, and walls of pre-formed metal, coated with baked on enamel paint. It was chosen over wood or block with brick veneer as it is less expensive to build and to maintain.

The new building will provide a total of 5600 square feet, the lower level for the maintenance welding, painting, carpentry, and mechanics shops, and the upper level for storage. The rental of four shipping containers for maintenance department use

NEW MINI-THEATER OPENS WITH LUV

With another popular successful summer season completed, The Gateway Players are decorating and restoring a new Mini-Theater to open with Murray Shisgal's wildly funny comedy LUV (which means Love) in December. Critic Walter Kerr said LUV is "...the answer to a theatergoer's prayer". Starring in this show of total and glorious glee is Screen Actor Santiago Gonzalez opposite Susan Shaw and Raymond David Cardoza. Direction is by award-winning director George W. Hayden. Opening Saturday performance will be followed by a buffet and a chance to celebrate with the stars and staff. Press Night is Friday, December 6, at 8 p.m. with tickets also available to the public. Performances of LUV are December 6, 7, 13, 14, 20, 21, 17 and 28. For reservations phone 295-6768. Enjoy LUV and celebrate the holiday season in the historic landmark Gateway Playhouse, off Route 6, behind the Wareham Town Hall.

"One of the important goals of the orchestra is to share this artistic resource with the SMU community, the larger community, and with school children of the region, as a public service, to enhance the musical education of all."

Although the concert on November 24 will officially open its season, the orchestra will give a children's concert at the Carney Academy on November 20 at 1 p.m. Eventually, Cobert hopes that the orchestra will perform in similar concerts around the area to bring its music to children. The theme of the program at Carney will be instruments of the orchestra. While including some Mozart selections from the November 24 program, the concert will feature Prokofieff's "Peter and the Wolf", narrated by SMU English Professor Everett Hoagland.

The next concert on February 9 will feature Beethoven's "Symphony No. 2 Opus 36" and his "Piano Concerto No. 3 in C minor Opus 37" with SMU student David Langevin as soloist.

The orchestra is sponsored by the SMU student senate, the SMU College of Visual and Performing Arts and its music department, and the SMU Music Guild.

Ticket prices for the November 24 concert are $2.50 for the public. SMU students with ID cards and children accompanied by

"The Miser"

TO BE PRESENTED AT BISHOP STANG

His servants know him as a skinflint and a niggardly old usurer, his children retreat from him because of the tyranny of his avarice. His business associates say that he has such a dislike for giving that he won't even give you a "good morning". He is Harpagon, the central character of the play, THE MISER, a creation of that comic genius Moliere.

In this adroit comedy of manners,

Harpagon, wan with age yet enervated by greed, allows his avarice to rule over every decision he makes, every problem he encounters, and every relationship he has. This makes a biting social commentary and high comedy, especially in Harpagon's encounters with his servants in matters of household economy and his pitiful desire to find marital happiness with a very young girl. The ultimate blow to Harpagon, however, comes when, finding some of his precious money stolen, he cavorts about the stage leveling the pointy finger of suspicion at everyone, including the audience.

On November 15th and 16th the Bishop Stang High School will present THE MISER by Moliere. They will use John Wood's excellent translation of the text; a translation which captures all of the wit and sparkle of the original French.

Curtain is at 7:30 p.m. and ticket prices range from $4.00 to $2.50. For reservations call Bishop Stang High School at 996-5602.

known for gun making and engraving talents as well as his extensive knowledge of antique weapons. A graduate of Vesper George School of Art, Cullity began a career which included engraving for Colt Firearms, a year in Europe studying antique weaponry and the establishment of his own restoration business.

Cullity acts as consultant to several of the nation's gun companies and to many major collectors and dealers. He was recently named the USS Constitution Museum's Conservator of Weapons. In addition, Cullity has been granted a U.S. patent for a high visibility gun sight and has authored a number of articles on firearms restoration.

Items that are too heavy to lift out of a vehicle can be appraised in the parking lot adjacent to the Round Barn.

Proceeds from the Antique Appraisal Day will benefit Heritage Plantation and Falmouth Academy.

Falmouth Academy is a small, co-educational country day school which includes grades seven through twelve. Its faculty is drawn from the Falmouth Woods Hole area whose resources also enrich a school curriculum which emphasizes close community and traditional academic values.

Heritage Plantation is a seasonal museum open mid-May through late October. Although the rest of the grounds are closed for the season, the Round Barn is open year-round for members' workshops and lectures as well as special events. The Museum is 3 miles from the Cape Cod Sagamore Bridge, exit on Route 6A, then go right on Route 130 to Pine Street and the Museum.

Easter Seals Benefit

November is the month designated for the 1985 Banner Month promotion to benefit Easter Seals. During Banner Month the owners of participating restaurants or retail stores or any other business that features customer traffic will be asking their patrons to "Back a Fighter" by donating to Easter Seals.

Terry O'Reilly of the Boston Bruins has been named honorary chairman of the campaign. Ben Martin will act as chairman for the event in the Mattapoisett area.

During the month-long promotion each participating owner will attach a patron's name and contribution to an "I Backed A Fighter" poster. All posters collected by the owner will then be prominently displayed creating a "banner" for Easter Seals.

As in every Easter Seal campaign, all proceeds from Banner Month will be designated for Easter Seal services for people with disabilities. These services include a rehabilitation therapy team, stroke clubs, swim programs, an equipment loan program, and Easter Seal Home Health Care.

The local Easter Seal office is located in New Bedford and can be contacted by calling 997-1553 for more information.
